

RWD Compulsory Assignment 2

Group 6 – DNFC() (Do Not Fail Course)

Daniel Lopes, Dragos-Daniel Bonaparte, Laura Rebelo, Matas Armonaitis

Here is our second RWD hand-in!! We are super happy with the result – it really is satisfying for the website to adapt as we change the browser window size or zoom level.

This time, our little “easter egg” is Ricardo. He’s much easier to find than Wally, and he’s a reminder of how everything started – with pizza! :)

The bootstrap carousel appears when you resize the browser window and make it small enough so that the “contacts page” relies on a carousel to display our pictures.

We learned a lot and had a really good time doing this assignment. We also look forward to hearing your feedback!

Kind regards, Group 6 :))
